FEEDING DIRECTIONS:

Free Choice Horse Performance Plus is designed to be self-fed to all classes of equines. Equines should consume an average of 4 ounces per head daily, based on a 1,000-lb. animal. Do not feed additional salt or other mineral sources. Place mineral in covered feeders and provide a clean fresh source of water at all times.

CAUTION: Use as directed. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.
